## Octorara Area School District Standards Based Report Card Rubrics 2018-2019 MATH

Standards-based grading aligns grading with the PA Core Standards. The report card accurately communicates achievement of learning targets to students, parents, and educators. Our report card provides specific information about the level of proficiency on the learning targets that are taught each trimester.

By the end of the year, students are expected to meet each grade-level standard (M). Students not meeting standards will receive instructional supports to achieve mastery for specific content and skills.

The purpose of these rubrics is to assist students, parents, and teachers in understanding what the specific learning expectations are for students to be considered at grade-level mastery in each skill area. These learning expectations may grow or increase as the school year progresses and more content/skills are introduced.

| SBRC Descriptor | M | SP | LP | NA |
| :--- | :--- | :--- | :--- | :--- |
| Means: | Consistently meets <br> grade level <br> expectations/standards | Demonstrates steady <br> progress toward meeting <br> grade level <br> expectations/standards | Demonstrates limited <br> progress toward meeting <br> grade level <br> expectations/standards | Not assessed at this time |
| Counting and <br> Cardinality |  |  | Nemonstrates 1:1 |  |
| Demonstrates <br> correspondence <br> between numbers and <br> objects | Demonstrates 1:1 <br> correspondence 0-20 | Demonstrates 1:1 <br> correspondence 0-19 | Not assessed at this time. |  |
| Rote counts to 100 | Independently counts by ones <br> to 100 | Counts by ones to 30 | Counts by ones inconsistently | Not assessed at this time. |

Third Trimester

| Counts by tens to 100 | Independently counts by tens <br> to 100 | Inconsistently counts by tens | Is unable to count by tens | Not assessed at this time. |
| :--- | :--- | :--- | :--- | :--- |
| Identifies numbers to <br> 30 | Independently identifies <br> numbers from 0-30 | Identifies numbers from 0-9 | Identifies numbers from 0-5 | Not assessed at this time. |
| Writes numbers to 20 | Independently writes numbers <br> to 20 | Writes numbers from 0-9 | Writes numbers from 0-5 | Not assessed at this time. |
| Numbers and <br> Operations in Base <br> Ten |  |  |  |  |
| Uses place value to <br> compose and <br> decompose numbers <br> up to 20 | Independently and consistently <br> composes and decomposes <br> numbers from 11-19 into tens <br> and ones using concrete <br> objects | Inconsistently composes and <br> decomposes numbers from 111-19 <br> into tens and ones using concrete <br> objects | Is unable to compose and <br> decompose numbers from 11-19 <br> using concrete objects | Not assessed at this time. |
| Operations and <br> Algebraic Thinking |  | Not assessed at this time. |  |  |
| Understands addition <br> as putting together and <br> subtraction as taking <br> apart and/or taking <br> from. | Consistently and <br> independently is able to use <br> manipulatives to demonstrate <br> understanding of addition as <br> putting together and <br> subtraction as taking apart. | Inconsistently and somewhat <br> independently is able to use <br> manipulatives to demonstrate <br> understanding of addition as <br> putting together and subtraction as <br> taking apart. | Struggles to use manipulatives to <br> demonstrate understanding of <br> addition as putting together and <br> subtraction as taking apart without <br> a great deal of teacher prompting <br> and support. | Not |

| or drawings |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- |
| Geometry |  |  |  |  |
| Identifies and <br> describes shapes: <br> circle, square, <br> rectangle, hexagon, <br> triangle, sphere, cone, <br> cylinder, and cube, <br> regardless of size or <br> orientation. | Independently identifies and <br> describes all shapes <br> regardless of size or <br> orientation. | Independently identifies and <br> describes some shapes regardless <br> of size or orientation. May be able <br> to identify and describe all shapes <br> with some teacher prompting and <br> support. | Struggles to identify and describe <br> most shapes regardless of size or <br> orientation without teacher <br> prompting and support. | Not assessed at this time. |
| Analyzes (explains) <br> and compares the <br> similarities and <br> differences between <br> 2D and 3D shapes. | Independently identifies the <br> similarities and differences <br> between 2D and 3D shapes. | Identifies the similarities and <br> differences between 2D and 3D <br> shapes with some teacher <br> prompting and support. | Struggles to identify the <br> similarities and differences <br> between 2D and 3D shapes <br> without teacher prompting and <br> support. | Not assessed at this time. |
| and |  |  |  |  |
| Measurement and <br> Data |  | Not assessed at this time. |  |  |
| Describes and <br> compares measurable <br> attributes (length, area, <br> weight, and capacity) <br> of everyday objects | Independently describes and <br> compares measurable <br> attributes. | Describes and compares <br> measurable attributes with some <br> teacher support. | Struggles to describe and <br> compare measurable attributes <br> without teacher prompting and <br> support. | Not |
