## Octorara Area School District Standards Based Report Card Rubrics 2018-2019 <br> 4th GRADE MATH

Standards-based grading aligns grading with the PA Core Standards. The report card accurately communicates achievement of learning targets to students, parents, and educators. Our report card provides specific information about the level of proficiency on the learning targets that are taught each trimester.

By the end of the year, students are expected to meet each grade-level standard (M). Students not meeting standards will receive instructional supports to achieve mastery for specific content and skills.

The purpose of these rubrics is to assist students, parents, and teachers in understanding what the specific learning expectations are for students to be considered at grade-level mastery in each skill area. These learning expectations may grow or increase as the school year progresses and more content/skills are introduced.

| SBRC Descriptor | M | SP | LP | NA |
| :--- | :--- | :--- | :--- | :--- |
| Means: | Consistently meets grade <br> level <br> expectations/standards | Demonstrates steady <br> progress toward meeting <br> grade level <br> expectations/standards | Demonstrates limited <br> progress toward meeting <br> grade level <br> expectations/standards | Not assessed at this time |
| Math Fact Fluency |  |  |  | Not assessed at this time |
| Addition Facts | Independently and <br> consistently calculates <br> basic addition facts <br> efficiently, accurately and <br> flexibly | Inconsistently calculates <br> basic addition facts <br> efficiently, accurately and <br> flexibly. May be <br> independent with some <br> facts, but not all. | Dependent upon <br> concrete strategies or <br> tools such as number <br> lines, drawings, or <br> objects to calculate <br> addition facts | Not assessed at this time |
| Subtraction Facts | Independently and | Inconsistently calculates | Dependent upon |  |

## Trimester 2

$\left.\begin{array}{|l|l|l|l|l|}\hline & \begin{array}{l}\text { consistently calculates } \\ \text { basic subtraction facts } \\ \text { efficiently, accurately and } \\ \text { flexibly }\end{array} & \begin{array}{l}\text { basic subtraction facts } \\ \text { efficiently, accurately and } \\ \text { flexibly. May be } \\ \text { independent with some } \\ \text { facts, but not all. }\end{array} & \begin{array}{l}\text { loncrete strategies or } \\ \text { tools such as number } \\ \text { lines, drawings, or } \\ \text { objects to calculate } \\ \text { subtraction facts }\end{array} \\ \hline \text { Multiplication Facts } & \begin{array}{l}\text { Independently and } \\ \text { consistently calculates } \\ \text { basic multiplication facts } \\ \text { efficiently, accurately and } \\ \text { flexibly }\end{array} & \begin{array}{l}\text { Inconsistently calculates } \\ \text { basic multiplication facts } \\ \text { efficiently, accurately and } \\ \text { flexibly. May be } \\ \text { independent with some } \\ \text { facts, but not all. }\end{array} & \begin{array}{l}\text { Dependent upon } \\ \text { concrete strategies or } \\ \text { tools such as number } \\ \text { lines, drawings, or } \\ \text { objects to calculate } \\ \text { multiplication facts }\end{array} & \text { Not assessed at this time. }\end{array}\right\}$

| Uses place value understanding and properties of operations to perform multi-digit arithmetic | Independently and consistently estimates, adds, and subtracts one, two, and three digit whole numbers, decimals to hundredths and fractions with like denominators. <br> Multiplies two digit numbers. <br> Divides three digit numbers by one digit divisors with and without remainders. | Consistently estimates, adds, and subtracts one, two and three digit whole numbers only. <br> Multiplies two digit numbers by one digit numbers. <br> Divides by one digit divisors with and without remainders. | Limited ability to estimate, add and subtract whole numbers. <br> Multiplies one digit numbers. <br> Divides by one digit divisors without remainders. | Not assessed at this time |
| :---: | :---: | :---: | :---: | :---: |
| Numbers and Operations-Fractions |  |  |  |  |
| Demonstrates understanding of fraction equivalence and ordering | Orders and compares fractions with like/unlike numerators and denominators. | Orders and compares fractions with like denominators. | Inability to order and compare fractions. | Not assessed at this time. |
| Builds fractions from unit fractions by applying and extending previous understandings of operations on whole numbers | Independently and consistently estimates, adds, and subtracts mixed numbers/fractions and multiplies fractions. | Consistently estimates, adds, and subtracts fractions. | Limited ability to estimate, add, and subtract fractions. | Not assessed at this time |
| Connects decimal notation to fractions and compares fractions (base 10 as denominator) | Independently and consistently expresses a fraction with denominators of 10 or 100 as a decimal. | Consistently expresses a fraction with denominator 10 or 100 as a decimal. | Inability to express a fraction with denominator 10 or 100 as a decimal. | Not assessed at this time |

Rev. 6.7.18

## Trimester 2

|  | Consistently compares two decimals. | Inconsistently compares two decimals. |  |  |
| :---: | :---: | :---: | :---: | :---: |
| Operations and Algebraic Thinking |  |  |  |  |
| Represents and solves problems using the four operations | Independently and consistently solves problems with all four operations. | Consistently solves problems with less than 4 operations. | Inability to solve problems. | Not assessed at this time. |
| Develops and/or applies number theory concepts to find factors and multiples | Independently and consistently identifies the factors of numbers and multiples to 100 | Identifies factors of numbers to 50 and multiples to 100 | Limited ability to identify factors and multiples. | Not assessed at this time. |
| Generates and analyzes patterns | Extends and describes patterns, including numeric patterns. | Inconsistently extends and describes patterns | Limited ability to extend and/or describe patterns | Not assessed at this time |
| Geometry |  |  |  |  |
| Draws lines and angles and identifies these in two-dimensional figures | NA | NA | NA | Not assessed at this time. |
| Classifies two-dimensional figures by properties of their lines and angles | NA | NA | NA | Not assessed at this time. |
| Recognizes symmetric shapes and draws lines of symmetry | NA | NA | NA | Not assessed at this time. |

## Trimester 2

| Measurement and Data |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- |
| Solves problems <br> involving measurement <br> and conversions from <br> larger to smaller units | NA | NA | NA | Not assessed at this time. |
| Translate information <br> from one type of data <br> display to another | NA | NA | NA | Not assessed at this time. |
| Represents and <br> interprets data involving <br> fractions using <br> information provided in a <br> line plot | NA | NA | NA | Not assessed at this time. |
| Measures angles and <br> uses properties of <br> adjacent angles to solve <br> problems | NA | NA | NA | NA |
