Description: An instructional program that prepares individuals to apply technical knowledge and skills in the production of products such as window frames, moldings, trim and panels and such products as furniture, store fixtures, kitchen cabinets and office equipment. Instruction includes training in cutting, shaping and assembling parts using hand tools and woodworking machines (including CNC) and refinishing furniture and installing hardware (hinges, catches and drawer pulls). Instruction also includes planning layouts, blueprint reading, drafting and knowledge of practical uses and identification of various kinds of woods.

Notes:
